

CONCEALFAB® UNIVERSAL LIGHTENNA SYSTEM

Customized for all Major Quasi-Omni Antennas

DAS and Small Cell Solutions

Universal Lightenna System - Customized for Quasi-Omni Antennas

ConcealFab's proven wireless solutions are ideal complements to all infrastructure upgrades or retrofit projects. Our standard or custom systems integrate with any antenna and radio configurations, effortlessly blend into urban/suburban environments, and withstand harsh weather conditions. This vendor agnostic, *DAS and Small Cell Solutions* platform accommodates multiple shapes, sizes and weights, providing flexibility for future hardware needs. The product portfolio includes ultra-RF transparent, maintenance-free coverings, high-strength steel mounting brackets, and light-weight, durable carbon fiber poles.

General Specifications:

- Rated for extreme exposure zones
- Penetrating or clamping Side-Arm attachments
- Universal platform for all hardware options
- Site-specific adaptations available
- Hollow Side-Arm for bracket for cable concealment
- 100% Thermoplastic outer shell
- Adjustable bracing for varying pole diameters
- Modular configurations blend into any environment
