

CONCEALFAB® UNIVERSAL POLE-TOP EXTENSION SYSTEM

Customized for all Major Quasi-Omni Antennas

DAS and Small Cell Solutions

Universal Pole-Top Extension System - Customized for all Major Quasi-Omni Antennas

ConcealFab's proven wireless solutions are ideal complements to all infrastructure upgrades or retrofit projects. Our standard or custom systems integrate with any antenna and radio configurations, effortlessly blend into urban/suburban environments, and withstand harsh weather conditions. This vendor agnostic, *DAS and Small Cell Solutions* platform accommodates multiple shapes, sizes and weights, providing flexibility for future hardware needs. The product portfolio includes ultra-RF transparent, maintenance-free coverings, high-strength steel mounting brackets, and light-weight, durable carbon fiber poles.

General Specifications:

- Rated for extreme exposure zones
- Penetrating or clamping Pole-Top attachments
- Universal platform for all hardware options
- Site-specific adaptations available
- Extension mast ensures proper distance from utility pole wires
- Structurally reinforced steel support
- Adjustable bracing for varying pole diameters
- Modular configurations blend into any environment
