

Metrocell Enclosure

7310 MC-DBR1 Cabinet

The 7310 Metro Cell DC cabinet is a complete and reliable solution designed to house one B13 and a second B4 9764 MCO plus the 7705 SAR-W. This cabinet will provide 4 hours of battery back up in the event of a power outage. Pre-configured and tested from the factory this "plug and Play" cabinet reduces operational cost when compared to site installed and cabled equipment.

Cabinet Size: **52.4"H x 21.5" W X 20" D**

Weight: **366LB** with one MCO, one SAR-W and Batteries;
410 LB with two MCO, one SAR-W, Batteries

Power Consumption: **512W** (expected maximum with two MCO's installed)

Certifications: **Telcordia GR-487 Issue 4 and CSA 60950-1/22**
